## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 15,18,26,27, are rejected under 35 U.S.C. 102(b) as being anticipated by USP 2,958,894 (Carabet).

Carabet discloses a cleaner comprising a housing part 10, a cover 13, a socket 19 for a providing vacuum and power to a brush head, an electrical cable 57/58 extending from the socket 19 to a cable compartment positioned below the metal bulkhead 22 or alternatively in the u-shaped depression formed in the bulkhead 22. Component 37 functions as the claimed “rib”.

### ***Allowable Subject Matter***

Claims 16,17,19-25,28 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
